9. The Register of Directors’ and Key Managerial Personnel and their Shareholding maintained under Section 170 of the Companies Act, 2013 and Register of Contracts and Arrangements in which Directors are Interested, maintained under section 189 of the Act will be available for inspection by the members at the AGM.
10. In order to enable us to register your attendance at the venue of the Annual General Meeting, members are requested to bring their folio number/demat account number/DP ID-Client ID to enable us to provide a duly filled attendance slip for your signature and participation at the meeting.

11. In case of joint holders attending the Meeting, only such joint holder who is higher in the order of names will be entitled to vote.
12. Relevant documents referred to in the accompanying Notice, are open for inspection by the members at the Registered Office of the Company on all working days during business hours up to the date of the Meeting.
13. Members who hold shares in dematerialized form are requested to write their Client ID and DP ID and those who hold shares in physical form are requested to write their Folio Number(s) in the attendance slip for attending the Meeting to facilitate identification of membership at the meeting.

Members who would like to receive notices, letters, annual reports, documents and any other correspondence by electronic mode are requested to register their email addresses and changes therein, from time to time, with the Company's Registrar and Transfer Agent, MAS SERVICES LIMITED in respect of shares held in physical form.

14. The Members are requested to:

- (a) Intimate change in their registered address, if any, to the Company's Registrar and Share Transfer Agents, Mas services in respect of their holdings in physical form.
- (b) Notify immediately any change in their registered address to their Depository Participants in respect of their holdings in electronic form.
- (c) Non-Resident Indian Members are requested to inform Mas services immediately of the change in residential status on return to India for permanent settlement.
- (d) Register their email address and changes therein from time to time with Mas services for shares held in physical form and with their respective Depository Participants for shares held in demat form.
- (e) Quote their DP ID & Client ID or Folio details respectively in all correspondences, including dividend matters to the Registrar and Share Transfer Agents, MAS SERVICES LIMITED.

15. Members may also note that the Notice of the 06<sup>th</sup> Annual General Meeting and the Annual Report for 2024-25 will be available on the Company's website <https://www.uskinfra.com>
16. In accordance with the provisions of Section 72 of the Companies Act, 2013, members are entitled to specify nominations in respect of the Equity Shares held by them, in physical form. Members desirous of specifying nominations may procure the prescribed form from the Registrar & Share Transfer Agents Mas Services Limited and have it duly filled and sent back to them.
17. In support of the Green initiative by Ministry of Corporate Affairs and pursuant to section 101 of the Companies Act, 2013 and Regulation 36 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 electronic copy of the Annual Report is being sent to all Members whose email ID's are registered with the Depository Participants for communication purposes unless any member has requested for a hard copy of the same.
18. Members are requested to note that as per Section 124(5) of the Companies Act, 2013, the dividend which remains unpaid or unclaimed for a period of seven years from the date of its transfer to the unpaid dividend account, is liable to be transferred by the Company to the "Investor Education Protection Fund" (IEPF) established by the Central Government under the provisions of Section 125 of the Companies Act, 2013.
19. Pursuant to the Articles of Association of the Company and the provisions of the Act, Ms. Manjushree Shivakumar (DIN: 09597357) Executive Director, retire by rotation and being eligible, offer herself for re-appointment.

20. Information required under Regulation 36 of SEBI Listing Regulations in respect of Directors seeking Appointment/Reappointment at the AGM is furnished as Annexure I to this Notice. The Directors have furnished consent/declarations for their appointment/re-appointment as required under the Act and the rules made thereunder.
21. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit their PAN to their Depository Participants with whom they maintain their demat account(s). Members holding shares in physical form can submit their PAN to the Company/ MAS SERVICES LIMITED.
22. The Board of Directors of the Company has appointed Company Secretary Vinita D Modak as the Scrutinizer to scrutinize the remote e-voting process and poll at the Annual General Meeting in a fair and transparent manner.
23. Voting rights shall be reckoned on the paid-up value of shares registered in the name of the member/beneficial owner (in case of electronic shareholding) as on the cut-off date i.e. Monday, 13<sup>th</sup> August, 2025.
24. A person, whose name is recorded in the register of members or in the register of beneficial owners maintained by the depositories as on the cut-off date only shall be entitled to avail the facility of remote e-voting or poll at the AGM.
25. The remote e-voting facility will be available during the following period:

**Commencement of remote e-voting: From 9:00 A.M. (IST) on Sunday 17th August, 2025.**

**End of remote e-voting: At 5:00 P.M. (IST) on Tuesday 19th August, 2025.**

The remote e-voting will not be allowed beyond the aforesaid date and time and the e-voting module shall be disabled upon expiry of the aforesaid period.

The members who have cast their vote by remote e-voting may also attend the meeting but shall not be entitled to cast their vote again.

The facility of voting through ballot paper shall be made available at the meeting and the members attending the meeting who have not cast their vote by remote e-voting shall be able to exercise their right of voting at the meeting.

26. The Scrutinizer, after scrutinizing the votes cast at the meeting and through remote e-voting will, within the prescribed time, make a consolidated scrutinizer's report and submit the same to the Chairman. The results declared along with the consolidated scrutinizer's report shall be placed on the website of the Company <https://www.uskinfra.com> and on the website of CDSL the results shall simultaneously be communicated to the Stock Exchanges.

**27. General:**

The Scrutinizer shall immediately after the conclusion of voting at the AGM, first count the votes cast at the Meeting, thereafter unblock the votes cast through remote e-voting in the presence of at least 2 witnesses not in the employment of the Company and make within the prescribed time, a consolidated Scrutinizer's Report of the total votes cast in favour or against, if any, to the Chairman or a person authorised by him in writing who shall countersign the same and declare the result of voting forthwith.

Members who do not have access to remote e-voting facility have been additionally provided with the facility of voting by way of Ballot Form during the meeting. The facility for physical voting shall be made available at the Meeting and members attending the meeting who have not already cast their vote by

remote e-voting shall be able to exercise their right at the meeting. The members who have cast their vote by remote e-voting prior to the meeting may also attend the meeting but shall not be entitled to cast their vote again.

A member can opt for only one mode of voting, i.e., either through remote e-voting or by Ballot. If a member casts votes by both modes, then voting done through remote e-voting shall prevail and Ballot will be treated as invalid.

Members have the option to request for physical copy of Ballot Form by sending an e-mail to [cs@uskinfra.com](mailto:cs@uskinfra.com) by mentioning their Folio / DP ID and Client ID.

The results declared along with the Scrutinizer's Report will be posted on the Company's website.

28. Route map and prominent land mark for easy location of the venue of the Meeting are attached herewith in terms of Secretarial Standards 2 (SS-2).
29. Members are requested to take note that, in compliance with the relevant circulars, the Notice of the AGM and Annual Report for the financial year 2024-25, are being sent to all the Members of the Company only in electronic mode to those members whose email address is registered with the Company/ Depository Participant(s)/Registrar and Transfer agents. Password details for shareholders other than Individual shareholders are given below:

If you are already registered for e-Voting, then you can use your existing password to login and cast your vote.

If you are using NSDL e-Voting system for the first time, you will need to retrieve the 'initial password' which was communicated to you. Once you retrieve your 'initial password', you need to enter the 'initial password' and the system will force you to change your password.

How to retrieve your 'initial password'?

If your email ID is registered in your demat account or with the company, your 'initial password' is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your 'User ID' and your 'initial password'.

If your email ID is not registered, please follow steps mentioned below in **process for those shareholders whose email ids are not registered**.

If you are unable to retrieve or have not received the "Initial password" or have forgotten your password:

Click on "**Forgot User Details/Password?**" (If you are holding shares in your demat account with NSDL or CDSL) option available on [www.evoting.nsdl.com](http://www.evoting.nsdl.com).

**Physical User Reset Password?** (If you are holding shares in physical mode) option available on [www.evoting.nsdl.com](http://www.evoting.nsdl.com).

If you are still unable to get the password by aforesaid two options, you can send a request at [evoting@nsdl.co.in](mailto:evoting@nsdl.co.in) mentioning your demat account number/folio number, your PAN, your name and your registered address etc.

Members can also use the OTP (One Time Password) based login for casting the votes on the e-Voting system of NSDL.

After entering your password, tick on Agree to "Terms and Conditions" by selecting on the check box.

Now, you will have to click on "Login" button.

After you click on the "Login" button, Home page of e-Voting will open.

## Annexure II

**MANAGEMENT DISCUSSION & ANALYSIS****Global Economic Scenario**

Global economic prospects are weakening, with substantial barriers to trade, tighter financial conditions, diminishing confidence and heightened policy uncertainty projected to have adverse impacts on growth.

The Outlook projects global growth slowing from 3.3% in 2024 to 2.9% in both 2025 and 2026. The slowdown is expected to be most concentrated in the United States, Canada, Mexico and China, with smaller downward adjustments in other economies.

GDP growth in the United States is projected to decline from 2.8% in 2024 to 1.6% in 2025 and 1.5% in 2026. In the euro area, growth is projected to strengthen modestly from 0.8% in 2024 to 1.0% in 2025 and 1.2% in 2026. China's growth is projected to moderate from 5.0% in 2024 to 4.7% in 2025 and 4.3% in 2026.

Inflationary pressures have resurfaced in some economies. Higher trade costs in countries raising tariffs are expected to push inflation up further, although the impact will be partially offset by weaker commodity prices. Annual headline inflation in the G20 economies is collectively expected to moderate from 6.2% to 3.6% in 2025 and 3.2% in 2026.

**Indian economic scenario opportunities**

Real GDP is projected to grow by 6.3% in fiscal year 2025-26 and 6.4% in 2026-27. Private consumption will gradually strengthen, driven by rising real incomes that are helped by moderate inflation, recent tax cuts and a strengthening of the labour market. Investment will be supported by declining interest rates and substantial public capital spending, but higher US tariffs will weigh on exports. Inflation will remain contained at around 4% as economic activity grows around trend. A less benign monsoon season or higher global commodity prices could drive up food prices and inflation.

The Union Budget for the fiscal year 2025–26 foresees a moderate fiscal consolidation, aiming to reduce the headline budget deficit from 4.8% of GDP in fiscal year 2024-25 to 4.4% in 2025-26. With inflation firmly within the target range, monetary policy is gradually expected to become more accommodative. Better targeting of energy and fertiliser subsidies, and an overhaul of tax expenditures, could enhance spending efficiency and free resources for other policy priorities. Improving logistics efficiency, upgrading digital infrastructure, and enhancing policy predictability, particularly in tax administration, could bolster private investment.

**Domestic demand supports activity**

Real GDP expanded by 6.2% year-on-year in the third quarter of FY2024-25, supported by robust domestic demand and strong investment. High-frequency indicators suggest that economic activity remained solid in the fourth quarter. Industrial production rose by 3.7% year-on-year in the first four months of 2025, with the manufacturing sector regaining strength. India's current account deficit widened in the first three quarters of FY2024-25, due to a persistent merchandise trade deficit that was only partially offset by strong services exports. More recent data suggest a slight improvement in the trade balance. The labour market was resilient in 2024 with the labour force participation rate increasing to 45.1% and employment continuing to rise. Survey data from early 2025 show optimism in the labour market, especially in sectors such as information technology, retail, and finance.

Monetary conditions remain restrictive, despite policy rate cuts in February and April. Headline inflation eased to 3.2% in April 2025 and is now within the central bank's target range of  $4\% \pm 2\%$ , largely due to a substantial

moderation in food inflation, which accounts for nearly half of the CPI basket, and declining energy prices. Easing food prices reflect a strong autumn harvest, and government interventions, such as export restrictions. As a major oil importer, India has benefited from lower global crude oil prices in recent months, which reduced domestic fuel costs and helped contain input costs in energy-intensive sectors such as transport, manufacturing, and agriculture. While core inflation remains slightly above 4%, wage growth remains moderate. High merchandise export exposure to the United States, which is India's largest export market, increases the vulnerability of private investment to shifts in trade policy. Tariff increases and broader trade tensions may damp investor sentiment, particularly in export-oriented sectors such as chemicals, textiles, and electronics. However, the overall GDP effects will be limited by the moderate share of exports in GDP, with merchandise exports towards the United States accounting for only 2.1% of GDP.

## Industry structure and developments.

Over the last decade, India has embarked on an ambitious journey of infrastructure development to reinvigorate the economy. To foster economic growth and development, government has allocated Rs 11.11 lakh cr towards capital expenditure (3.4% of GDP), marking an increase of over 5 times in the last 10 years. Most of the capex surge has been witnessed in the last 5 years, with an annual growth of 27% witnessed between the same period. Government has consistently established its commitment and focus on creation of world-class, good-quality infrastructure assets. This is exemplified through the substantial allocation of overall capital expenditure for Infrastructure focused sectors, with share of Centre's capex in infrastructure increasing from 28% in FY2014 to ~60% in FY2025. Over the next 5 years also, Government assures continued focus on infrastructure through strong fiscal support, in conjunction with other priorities.

Infrastructure has witnessed significant advancement in last 10 years, with expansion of National Highways (NH) network by 1.6 times, electrification of 94% of the rail network, operationalization of 100 high-speed Vande Bharat trains, modernization of 1,318 railway stations, expansion of metro rail network by ~4 times whilst serving 21 cities, operationalization of 84 Airports and increase in Power generation capacity by 70%. These developments have been accelerated by government's programmatic interventions such as creation of National Infrastructure Pipeline (NIP) of project worth Rs 111 lakh cr, National Monetization Pipeline (NMP) of projects worth Rs 6 lakh cr and PM GatiShakti National Master Plan. Implementation of sector-focused large-scale national level programmes like Bharatmala, Sagarmala, Regional Connectivity Scheme-UDAN, Dedicated Freight Corridors, High Speed Rail network, Redevelopment of Railway Stations, BharatNet, Jal Jeevan Mission, AMRUT, Smart Cities Mission, etc. have also contributed to fast-tracking development. Phase IV of PMGSY aims to provide connectivity to 25,000 rural habitans.

## Risks and Concerns

Threats are described as anything that would contribute to the interruption of infrastructure development in the country. Threats can be either in the form of major policy changes by the Government, implementation of stringent qualification criteria and insurgency threats in a specific region. These have been described below:

## Policy Changes

Policies for development of infrastructure projects are now prepared keeping in view longer gestation period and are being given equal importance by all the ruling Governments as development of the road sector is an example and which is given top most priority at all levels in Government. However, there are chances of major policy changes by the Government either National or at State level which can affect the development of a particular segment of infrastructure. Looking at the current scenario and demand for infrastructure development in the country, the chances of any major policy change which can adversely affect infrastructure business in the country are negligible. Selection Criteria In certain cases the project awarding authorities keep stiff qualification criteria which may disallow small or mid size developers having inadequate financial or technical scores to bid for the project. The Company has sufficient scores both in terms of financial or technical aspects to be able to qualify for all categories of projects being implemented or which are in the pipe line

## Force Majeure Threats

There are certain regions in the country which may carry the risk of the project having to be abandoned due to force majeure events like natural perils, war, terrorism etc. However, all the Concession Agreements signed provide proper risk cover in such circumstances with no adverse financial impact on the Company as it is backed by Government guarantee and covered through insurance Change in Law In case the Government makes changes in law which could have an impact on infrastructure projects, the Concession Agreement provides for the Concessionaire to be insulated from any adverse impact arising from such change in law Outlook

## Discussion on financial performance with respect to operational performance

In the Financial year 2024-25 the company has work order in hand as on 31.03.2025 Rs.194890.00 Lakhs consisting of 29 major projects in the State of Karnataka. Out of these work orders Rs.46580.00 Lakhs completed till 31.03.2025 and balance to be carried out is Rs.148306.00 Lakhs. In next 2 to 3 Years

The Company's revenue from operations stood at Rs.28712.73 Lakhs in financial year 2024-25 vis-à-vis Rs. 57714.78 lakhs in 2023-24, with a decline over last year due to loss in the National Highways Authority of India Ltd. Toll collection contracts and delay in the start of the major projects due to land acquisition by the National Highways Department.

Operating expenses for the year stood at 30270.36 lakhs in Financial year 2024-25 as against 54673.04 lakhs in the financial year 2024-24. The Company EBITDA is reduced for Rs. INR 257.24 Lakhs vis-à-vis Rs. 5231.73 lakhs during 2023-24.

## Outlook

One of the major initiatives, Gati Shakti, led to a shift within the infrastructure sector. Also known as the National Master Plan for Multi-modal Connectivity, the project is worth US\$1.2t and aims to streamline the planning process and ensure that resources are effectively directed towards development planning. The different divisions of the governments will now have a platform to work together on infrastructure projects such as roads, railways, airports, ports, mass transport and waterways.

To further augment infrastructure development, the Indian government introduced the National Infrastructure Pipeline (NIP). The pipeline involves an estimated funding of more than US\$1t over five years and includes projects in the renewable energy sector expected to actively involve private participants.

India also made headway in its plans for infrastructure development through a sovereign wealth fund. The fund is the National Investment and Infrastructure Fund (NIIF). NIIF was set up to manage investments and is intended to serve as a platform for co-investment by global and domestic investors and multilateral development banks (MDBs). The fund's primary focus is on infrastructure and growth equity. In October 2023, the government announced the launch of an India-Japan Fund through a partnership with the Japan Bank for International Cooperation (JBIC). The fund has sanctioned US\$600m and is dedicated to investments in efforts promoting sustainability and low carbon emissions. Further fostering the India-Japan strategic partnership, on February 20, 2024, the Japan International Cooperation Agency (JICA) announced that it has signed loan agreements for up to ₹232,209m. These loans are dedicated to funding certain projects, which include road network connectivity projects, a freight corridor project and projects for climate change response and enhancement of ecosystem services in specific areas within India.

The recent shift in India's focus on the infrastructure sector has led to the launch of several high-scale projects across the country. The highway connecting the capital city, Delhi, with the financial city, Mumbai, is one of them. This unprecedented project is expected to be completed this year and significantly reduce travel time between the two megacities. With the project's first phase already inaugurated this month, India continues its push to enhance infrastructure.

2024 will also be marked by the completion of the world's highest railway bridge. Launched on February 20 of this year, this bridge is predicted to promote supply chain and economic growth significantly. The completion of this project is seen as evidence of India's capabilities in civil engineering. More than a dozen of other highway projects are in progress. Plans to develop and modernize railway corridors are also underway.

With the launch of the UDAN scheme, the country's aviation sector is also expected to boom. The scheme has led to a doubling of the number of airports. The culmination of these projects is expected to strengthen the country's supply-chain sector significantly.

The government is aiming to strike a balance between urban transformation and schemes promoting responsible commuting. The "PM-eBus Sewa Scheme" launched last year is one of such schemes. This initiative will re-invent the country's bus operations and encourage the use of public transport through payment security mechanisms.

The interim budget allocation announced for 2024/25 earlier this month signals India's continued commitment to build infrastructure. The Indian government will devote about US\$134bn to projects within the infrastructure sector. This step will raise the country's spending in the sector by around 11 percent compared to last year.

## **Risk Management**

Risk Management is a key aspect of the "Corporate Governance Principles and Code of Conduct" which aims to improvise the governance practices across the Company's activities. Risk management policy and processes will enable the Company to proactively manage uncertainty and changes in the internal and external environment to limit negative impacts and capitalize on opportunities.

The Board of Directors ("the Board") of Udayshivakumar Infra Limited ('the Company') has adopted the following policy and procedures with regard to Risk Management as defined below. The Board may review and amend this policy from time to time.

**Annexure IX****REPORT ON CORPORATE GOVERNANCE**

Pursuant to the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations), the Corporate Governance Report prepared by the Company contains the details of Corporate Governance systems and processes adopted by the Company, which are as under:

**COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE**

The Company's philosophy on corporate governance oversees business strategies and ensures fiscal accountability, ethical corporate behaviour and fairness to all stakeholders comprising regulators, employees, customers, vendors, investors and the society at large. Corporate Governance is all about maintaining the right balance between economic, social, individual and community goals. Effective corporate governance practices constitute the strong foundation on which successful commercial enterprises are built to last. Your Company is committed to good governance practices that create long-term sustainable shareholder value.

The Company has adopted a Code of Conduct for its employees including the Executive Directors, Non-Executive Directors and Independent Directors as laid down in the Companies Act, 2013 ("the Act"). The Company has a strong legacy of fair, transparent and ethical governance practices. The codes of conduct are hosted on the Company's website. All Board Members and Senior Management personnel have affirmed compliance with their respective Codes of Conduct. Your Company is focused on enhancement of long-term value creation for all stakeholders without compromising on integrity, societal obligations, environment and regulatory compliances.

**BOARD OF DIRECTORS**

The Company has maintained an optimum combination of Executive and Non-Executive Directors. As on March 31, 2025 Company's Board has a strength of 7 (Seven) Directors, comprising of 2 (Two) Executive Directors, 2 (Two) Non-Executive Director and 3 (Three) Independent Directors, which includes three Women Directors. The Chairman of the Board is an Executive Director. The composition of the Board is in conformity with Regulation 17 of the Listing Regulations read with Section 149 of the Companies Act, 2013 (hereinafter referred to as "the Act"). The Directors bring in a wide range of skill and experience to the Board.

Independent Directors are Non-Executive Directors as defined under Regulation 16(1) (b) of the Listing Regulations and the Act. The maximum tenure of the Independent Directors is in compliance with the Act. All Independent Directors have confirmed that they meet the criteria of independence as mentioned under Regulation 16(1) (b) of the Regulations and Section 149 (6) of the Act.

**Independent Auditor's Report****To the Members of M/s. Udayshivakumar Infra Limited****(Formerly Known as M/s. Udayshivakumar Infra Private Limited)****Report on the Ind AS Financial Statements****Opinion**

We have audited the accompanying Ind AS financial statements of Udayshivakumar Infra Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the period ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025 and total comprehensive income (comprising of loss and other comprehensive income), changes in equity and its cash flows for the period ended.

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report. –

| <p>era. The work execution of these contracts was continued to be carried out the GST period, since the execution was taking a time period of 2 to 3 years. The Company while submitting the bills for the work done after the introduction of GST in July, 2017, started adding GST of 12% in the bill submitted for payment to the Government Departments but the Government Departments cleared only the basis amount of contract billed and did not paid the GST of 12% charged in the bills. However, there was no clear-cut instructions to the departments from the Government regarding the honouring the GST of 12% collected in the bills. So, the Government Departments started to hold the GST of 12% charged in the bills and were waiting for the instructions from the Government. The contractors' association looking to the injustice moved to honourable high court of Karnataka, now the case is pending before the Hon'ble High Court of Karnataka and there is bright chance of giving directions to the Government to pay GST on the works executed after the introduction of GST. ### Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Director's report, but does not include the Ind AS financial statements and our auditors' report thereon. Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of management and those charged with governance for the Ind AS financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Ind AS financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Other Matter

(i) In respect of joint ventures, whose financial statements / financial information have not been audited by us, These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the Financial Statements, in so far as it relates to the amounts and disclosures included in respect of, joint ventures, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid joint ventures is based solely on the reports of the other auditors.

(ii) Certain debit/credit balances including trade receivables, other current and non-current assets, trade payables, other financial liabilities and other current and non-current liabilities in the Company are pending independent confirmation and consequential reconciliation thereof.

(iii) The determination of the transactions with MSME vendors and balances thereof, have been done based on the certificate received from the respective parties as available from the system. In absence of complete reconciliation in this respect, completeness of the disclosures in respect of MSME vendors, interest liability thereon as per MSME Act, Income tax computations as such need to be ascertained.

### Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and proper returns adequate for the purposes of our audit have been received from the branches not visited by us.
- c) The Balance Sheet, the Statement of Profit and Loss (including comprehensive income), Statement of changes in equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
- e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the Period is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i. The company has disclosed the impact of pending litigation on its financial position in its Ind AS Financial Statement as referred in Note no 25 to the Ind AS Financial Statement.

- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company or there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;  
  
(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;  
  
(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.  
  
(d) Based on our examination, which included test checks, and other generally accepted audit procedures performed by us, we report that the company has not used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility.

**Annexure “A” to the Independent Auditor’s report of even date on the Ind AS Financial Statements of Udayshivakumar Infra Limited (formerly known as Udayhivakumar Infra Private Limited)****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of **Udayshivakumar Infra Limited** (“the Company”) as of March 31, 2025 in conjunction with our audit of the Ind AS financial statements of the Company for the period ended on that date.

**Management’s Responsibility for Internal Financial Controls**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing issued by the Institute of Chartered Accountants of India and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls Over Financial Reporting**

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the Ind AS financial statements.

**Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur

and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## Notes forming part of the Financial Statements for the year ended March 31, 2025

(Amount in Lakhs unless otherwise stated)

**1.0 Corporate Information**

The company has incorporated on 23/12/2019 in the state of Karnataka and registered with The Registrar of Companies, Karnataka Bengaluru under CIN L45309KA2019PLC130901. The Company is engaged in business of Civil Construction works from State Government, Central Government and Government Civic Bodies and Corporations. The Company is incorporated under Part -I of Chapter XXI of the Companies Act, 2013 by converting of M/s. Udayshivakumar ("erstwhile Partnership Firm") into private limited company and all assets, liabilities, obligations, licenses, permissions etc. of the firm have become the assets, liabilities, obligations, licenses, permissions etc. of the company and all assets, liabilities, obligations, licenses, permissions etc. of the firm are vested with the company.

**2.0 Statement of Significant Accounting Policies****2.1 Statement of Compliance**

These financial statements have been prepared in accordance with Indian Accounting Standards (referred as Ind AS) as prescribed under Section 133 of the Companies Act, 2013 (the "Act") read with the Companies (Indian Accounting Standards) Rules, as amended from time to time.

**2.2 Basis of preparation and presentation**

Financial Statements have been prepared on the historical cost basis except for certain financial instruments measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid for transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes in to account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for share based payment transactions that are within the scope of Ind AS 102, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to FairValue but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurements in its entirety, which are described as follows:

Level 1: Input are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2: Inputs are inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3: Inputs are unobservable inputs for the asset or liability.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Figures are reported in Lakhs and hence the figures are rounded off to nearest lakhs wherever required.

**2.3 Use of Estimates & Judgements**

The preparation of the financial statements in conformity with Ind AS requires the Management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed. Accounting estimates could change from period to period.

Actual results could differ from those estimates. Appropriate changes in estimates are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

**2.4 Basis of classifications of current and non-current**

All the assets and liabilities have been classified as current or non-current in the balance sheet.

An asset has been classified as current if (a) it is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle; or (b) it is held primarily for the purpose of being traded; or (c) it is expected to be realized within twelve months after the reporting date; or (d) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date. All other assets have been classified as noncurrent.

A liability has been classified as current when (a) it is expected to be settled in the Company's normal operating cycle; or (b) it is held primarily for the purpose of being traded; or (c) it is due to be settled within twelve months after the reporting date; or (d) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. All other liabilities have been classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

**2.5 Functional and presentation currency**

These Ind AS Financial Statements are prepared in Indian Rupee which is the Company's functional and presentation currency.

**2.6 Recent Accounting Pronouncements**

Recent accounting pronouncements Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1st, 2023, as below:

- i Ind AS 16 – Property Plant and equipment-The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognized in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023.
- ii Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets-The amendment specifies that the cost of fulfilling a contract comprises the costs that relate directly to the contract. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labor, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2023, although early adoption is permitted.

**2.7 Revenue Recognition**

Company mainly derives business from executing construction projects and supply of construction material and other inherent services.

Effective April 01, 2020, the Company adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method, applied to contracts that were not completed as of April 01, 2020. In accordance with the cumulative catchup transition method, the comparatives have not been retrospectively adjusted. The following is a summary of new and/or revised significant accounting policies related to revenue recognition. The effect on adoption of Ind AS 115 was insignificant.

IND AS 115 lays down five step model for revenue recognition which is as follows:

- i Identify the contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.
- ii Identify the performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.
- iii Determine transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.
- iv Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company will allocate the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.
- v Recognise revenue when (or as) the entity satisfies a performance obligation.

**A Engineering Segment**

The Revenue recognition is based on the stage of work completed and matching expenses incurred in relation to the stage of work completed. The company is submitting the running bills to the extent of work completed which has to be approved by the Government Department. After approval of the measurement of work claimed to completed in the running bill the Government agrees to make payment. Hence, company is raising Invoice on receiving of the approval for the running bills and release of payment by the Government against the acceptance of stage of work (work progress) as claimed in the running bills.

**i Sale of Goods or services**

In case of sale of goods performance obligation is satisfied when control is transferred to customer and recoverability of amount is probable. Transaction price is same as invoice value excluding taxes. Revenue is recognized as and when performance obligation is satisfied.

In case of sale of service performance obligation is satisfied when work is executed, customer approves the work performed and recoverability of amount is probable. Transaction price is same as invoice value excluding taxes. Revenue is recognized as and when performance obligation is satisfied.

The company accounts for discounts and pricing incentives to customers as a reduction of revenue based on the ratable allocation of the discounts/ incentives to each of the underlying performance obligation that corresponds to the progress by the customer towards earning the discount/ incentive. Such situation generally does not arise in company.

**ii Trade receivables and Contract Balances**

The company classifies the right to consideration in exchange for deliverables as either a receivable or as unbilled revenue.

## Notes forming part of the Financial Statements for the year ended March 31, 2025

(Amount in Lakhs unless otherwise stated)

A receivable is a right to consideration that is unconditional upon passage of time. Revenue for time and material contracts are recognized as related service are performed. Revenue for fixed price maintenance contracts is recognized on a straight line basis over the period of the contract. Revenues in excess of billings is recorded as unbilled revenue and is classified as a financial asset for these cases as right to consideration is unconditional upon passage of time.

Invoicing in excess of earnings is classified as unearned revenue.

Trade receivable and unbilled revenues are presented net of impairment in the Balance Sheet.

iii **Income from toll contracts**

The income from Toll Contracts are recognised on actual collection of toll revenue (net of revenue share payable to NHAI) as per Concession Agreement. Revenue from electronic toll collection is recognised on receipt basis.

**2.8 Other Income**

**Interest Income**

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on, time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

**2.9 Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use.

All other borrowing costs are recognized in the Statement of Profit and Loss in the period in which they are incurred.

The Company determines the amount of borrowing costs eligible for capitalization as the actual borrowing costs incurred on that borrowing during the period less any interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets, to the extent that an entity borrows funds specifically for the purpose of obtaining a qualifying asset. In case if the Company borrows generally and uses the funds for obtaining a qualifying asset, borrowing costs eligible for capitalization are determined by applying a capitalization rate to the expenditures on that asset.

The Company suspends capitalization of borrowing costs during extended periods in which it suspends active development of a qualifying asset.

**2.10 Retirement and other employee benefits**

**A. Short-term employee benefits**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc., and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

## Notes forming part of the Financial Statements for the year ended March 31, 2025

(Amount in Lakhs unless otherwise stated)

**B. Defined Contribution plans**

- (a) Payment to defined contribution retirement benefit plans are recognized as an expense when employees, as certified by board of directors have rendered service entitling them to the contributions.
- (b) Provident fund of the Company is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid.
- (c) Pension Fund of the Company is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid.

**C. Defined Benefit Obligation Plans**

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/ termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service, subject to a payment ceiling of INR 20,00,000/-.

The Company is intended to set up the mechanism to take the actuarial valuation of its gratuity liability as required by IND AS 19 "Employee Benefits" and hence the overall impact of the same can not be assessed as of now.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefits expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income and such re-measurement gain / (loss) are not reclassified to the statement of profit and loss in the subsequent periods. They are included in retained earnings in the statement of changes in equity.

**2.11 TAXATION**

Tax expense comprises of current tax, deferred tax and Dividend Tax which are described as follows :-

**(a) Current Tax**

Current tax is measured after providing deductions under chapter VI A of Income Tax Act, 1961 and making adjustments of ICDS prescribed under Income Tax Act, 1961 at the amount expected to be paid to the tax authorities, using the applicable tax rates. Current tax is calculated using tax rates that have been enacted or substantively enacted by the end of reporting period. Current Tax is generally charged to profit & loss except when they relate to items which are recognized in other comprehensive income or equity.

## Notes forming part of the Financial Statements for the year ended March 31, 2025

(Amount in Lakhs unless otherwise stated)

**(b) Deferred Tax**

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred Tax is generally charged to profit & loss except when they relate to items which are recognized in other comprehensive income or equity.

Deferred tax asset and deferred tax liabilities are off-set if a legally enforceable right exist to set-off current tax asset against current tax liabilities and the deferred taxes relates to the same taxable entity and the same taxation authority.

**2.12 Property, Plant and Equipment**

Property, Plant and Equipment is recognized when it is probable that future economic benefits associated with the items will flow to the company and the cost of the item can be measured reliably.

The cost of Property Plant & Equipment comprises its purchase price net of any trade discounts and rebates, any import duty and other taxes any directly attributable expenditure on making the asset ready for its intended use including relevant borrowing cost for qualifying asset. Expenditure incurred after Property Plant & Equipment have been put into operation such as repair & maintenance are charged to the statement of Profit & Loss in the year in which the costs are incurred, Major shutdown and overhaul expenditure are capitalized as the activities undertaken improves the economic benefit expected to arise from the assets.

Assets in the course of construction are capitalized in the assets under construction account. At the point when the asset is operating at management's intended use, the cost of construction is transferred to the appropriate category of the PROPERTY, PLANT & EQUIPMENT and depreciation commences. Cost associated with the commissioning of the asset and any obligatory decommissioning costs are capitalized where the asset is available for use but incapable of operating at normal levels until a year of commissioning has been completed. Revenue generated from production during the trial period capitalized

Capital subsidy received against specific assets is reduced from the value of relevant PROPERTY, PLANT & EQUIPMENT.

## Notes forming part of the Financial Statements for the year ended March 31, 2025

(Amount in Lakhs unless otherwise stated)

Free hold land is carried at historical cost and treated as Investment Property.

Items of stores and spares that meet the definition of property, plant and equipment are capitalized at cost. Otherwise, such items are classified as inventories.

An item of PROPERTY, PLANT & EQUIPMENT is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of PROPERTY, PLANT & EQUIPMENT is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in statement of profit & loss.

**Depreciation and estimates**

Depreciable amount for assets is the cost of an asset, or other amount substituted for costs, less its estimated residual value. Depreciation is recognized so as to write off the cost of asset (other than free hold land and lease hold land having 99 years of lease and properties under construction) less their residual values (after considering the restoration cost) over their useful lives using Written down value method as prescribed in schedule II of companies act, 2013.

**2.13 Impairment of Property, Plant & Equipments and Intangible Assets**

At the end of each reporting year, the company reviews the carrying amount of its tangible and intangible assets to determine whether there is any indication that those assets are suffered an impairment loss. If any such indication exists the recoverable amount of the asset is estimated in order to determine the extent of impairment loss (if any). Where it is not possible to estimate the recoverable amount of the individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Where a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating unit or otherwise they are allocated to the smallest group of cash-generating unit for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less cost to sell and value in use. In assessing value in use the estimated future cash flow are discounted to their present value using pretext discount rate that reflects current market assessment if the time value of money and the risk specific to the asset for which the estimates of future cash flows have not been adjusted.

An impairment loss is recognized in the Statement of Profit and Loss whenever the carrying amount of an asset or a cash-generating unit exceeds its recoverable amount. A previously recognized impairment loss is increased or reversed depending on changes in circumstances.

However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

**2.14 Inventories**

Inventories are stated at the lower of cost or net realizable value, details as follows: -

|     |                                                                   |                                                                                                                                                                                  |
|-----|-------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (a) | Raw Material, stores & spares, Components, construction material. | Cost includes cost of purchase and other costs incurred in bringing the inventories to the present location and condition.                                                       |
| (b) | Process Stocks and finished goods                                 | Cost for this purpose includes direct material cost, labor cost plus appropriate share of manufacturing overheads allocated on absorption cost basis. (excluding borrowing cost) |
| (c) | Work in Progress Stock                                            | Eligible expenses incurred are capitalized and shown as inventory as Work in Progress.                                                                                           |

## Notes forming part of the Financial Statements for the year ended March 31, 2025

(Amount in Lakhs unless otherwise stated)

Costs of inventories are determined on FIFO basis. Net realizable value is estimated selling price in the ordinary course of business.

Goods in transit are stated at actual cost and freight if any.

**2.15 Provisions, contingent liabilities & Assets**

A Provision is recognized when an enterprise has a present obligation as a result of past event, it is probable that an outflow of resources will be required to settled the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not disclosed to its present value and are determined based on best management estimate taking into account the risks and uncertainties surrounding the obligation required to settle the obligation at the balance sheet date.

These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A contingent liability is a possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation.

A contingent asset is a possible asset that arises from past events the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise.

**2.16 Financial instruments**

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

**Financial Assets:**

- (a) **Classification:** The Company classifies its financial assets in the following measurement categories:
  - those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
  - those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.
- (b) **Initial Recognition:** Financial assets are recognised initially at fair value considering the concept of materiality. Transaction costs that are directly attributable to the acquisition of the financial asset (other than financial assets at fair value through profit or loss) are added to the fair value measured on initial recognition of financial assets.
- (c) **Subsequent Measurement of Financial Assets:** Financial assets are subsequently measured at amortized cost if they are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

## Notes forming part of the Financial Statements for the year ended March 31, 2025

(Amount in Lakhs unless otherwise stated)

Financial assets at fair value through other comprehensive income (FVTOCI): Financial assets are subsequently measured at fair value through other comprehensive income (FVTOCI), if it is held within a business model whose objective is achieved by both from collection of contractual cash flows and selling the financial assets, where the assets' cash flows represent solely payments of principal and interest. Further equity instruments where the Company has made an irrevocable election based on its business model, to classify as instruments measured at FVTOCI, are measured subsequently at fair value through other comprehensive income.

- (d) **Impairment of Financial Assets:** The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost and FVTOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.
- (e) **Derecognition of financial assets:** A financial asset is primarily derecognised when:
- The rights to receive cash flows from the asset have expired, or
  - The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

**Financial Liabilities:**

- (a) **Classification:** The Company classifies its financial liabilities in the following measurement categories:
- Those to be measured subsequently at fair value through profit or loss, and
  - Those measured at amortized cost using the effective interest method. The classification depends on the entity's business model for managing the financial liabilities and the contractual terms of the cash flows.
- (b) **Initial Recognition:** Financial liabilities are recognized at fair value on initial recognition considering the concept of materiality. Transaction costs that are directly attributable to the issue of financial liabilities that are not at fair value through profit or loss are reduced from the fair value on initial recognition.
- (c) **Subsequent Measurement of Financial Liabilities:** The measurement of financial liabilities depends on their classification, as described below:

**Amortised cost:** After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective interest rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortization process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

- (d) **Derecognition of financial liabilities:** A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the Derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

**Offsetting of Financial Instruments**

The Company offsets a financial asset and a financial liability when it currently has a legally enforceable right to set off the recognized amounts and the Company intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

**2.17 Fair Value Measurement**

The Company measures financial instruments, such as, equity instruments at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3- Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's management determines the policies and procedures for both recurring fair value measurement, such as instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for disposal in discontinued operation.

At each reporting date, the management analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Company's accounting policies. For this analysis, the management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summaries accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

**2.18 Non-Current Asset held for Sale and discontinued operations**

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. The criteria for held for sale is regarded met only when the assets is available for immediate sale in its present condition, subject only to terms that are usual and customary for sale of such assets, its sale is highly probable; and it will genuinely be sold, not abandoned.

Non-current assets held for sale are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets.

An impairment loss is recognised for any initial or subsequent write-down of the asset to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset (or disposal group) is recognised at the date of de-recognition.

Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortized.

A discontinued operation is a component of an entity that either has been disposed of, or is classified as held for sale, and:

- represents a separate major line of business or geographical area of operations,
- is part of a single coordinated plan to dispose of a separate major line of business or geographical area of operations.

Non-current assets classified as held for sale and the assets of a disposal group classified as held for sale are presented separately from the other assets in the balance sheet. The liabilities of a disposal group classified as held for sale are presented separately from other liabilities in the balance sheet.

Discontinued operations are excluded from the results of continuing operations and are presented as profit or loss before / after tax from discontinued operations in the statement of profit and loss.

**2.19 Cash and Cash equivalents**

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

**2.20 Earnings per Share****a. Basic EPS**

Basic EPS is calculated by dividing the profit attributable to shareholders by the weighted average number of shares outstanding during financial year adjusted for bonus elements in the equity shares issued during the year.

**b. Diluted EPS**

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

**2.21 Segment Information**

Based on "Management Approach" as defined in Ind AS 108 -Operating Segments, the Chief Operating Decision Maker evaluates the Company's performance and allocates the resources based on an analysis of various performance indicators by business segments. Inter segment sales and transfers are reflected at market prices.

The Company is engaged in "Road Infrastructure Projects" which in the context of Ind AS 108 - Operating Segments is considered as the only segment. The Company's activities are restricted within India and hence no separate geographical segment disclosure is considered necessary.

**2.22 Schedule III amendment disclosures:**

Ministry of Corporate Affairs ("MCA") issued notification dated March 24, 2021 to amend Schedule III of the Companies Act, 2013 to enhance the disclosures required to be made by the Company in its financial statements. These amendments are applicable to the Company for the financial year starting April 1, 2021 and applied to the financial statements:

- i Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- ii Additional disclosure for shareholding of promoters
- iii Additional disclosure for ageing schedule of trade receivables, trade payables and capital work-in-progress.

**2.23 Key sources of estimation uncertainty and critical accounting judgements**

In the course of applying the policies outlined in all notes under section 2 above, the Company is required to make judgments, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future period, if the revision affects current and future period.

Key sources of estimation uncertainty

**i) Useful lives of property, plant and equipment**

Management reviews the useful lives of property, plant and equipment at least once a year. Such lives are dependent upon an assessment of both the technical lives of the assets and also their likely economic lives based on various internal and external factors including relative efficiency and operating costs. Accordingly, depreciable lives are reviewed annually using the best information available to the Management.

## Notes forming part of the Financial Statements for the year ended March 31, 2025

(Amount in Lakhs unless otherwise stated)

- ii) **Impairment of property plant and equipment**  
Determining whether the property, plant and equipment are impaired requires an estimate in the value in use of plant and equipment. The value in use calculation requires the Management to estimate the future cash flows expected to arise from the property, plant and equipment and a suitable discount rate in order to calculate present value. When the actual cash flows are less than expected, a material impairment loss may arise.
- iii) **Provisions and liabilities**  
Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events that can reasonably be estimated. The timing of recognition requires application of judgment to existing facts and circumstances which may be subject to change. The amounts are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.
- iv) **Impairment of investments in joint ventures and associate**  
Determining whether the investments in joint ventures and associate are impaired requires an estimate in the value in use of investments. In considering the value in use, the Management have anticipated the future commodity prices, capacity utilization of plants, operating margins, and availability of infrastructure, discount rates and other factors of the underlying businesses / operations of the investee companies. Any subsequent changes to the cash flows due to changes in the above-mentioned factors could impact the carrying value of investments.
- v) **Contingencies**  
In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that are possible but not probable of crystallizing or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognized.
- vi) **Fair value measurements**  
When the fair values of financial assets or financial liabilities recorded or disclosed in the financial statements cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include consideration of inputs such as liquidity risk, credit risk and volatility.
- vii) **Taxes**  
Deferred tax assets are recognized for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

\* The amount is outstanding from the customers for reimbursement of GST. In the earlier tax regime (before GST) the company used to charge 4% VAT on the amount of service provided and was successfully able to recover the same from the customers without any default/denial. After the introduction of GST the rate of tax was changed to 12% w.e.f. July, 2017. Company had entered into various contracts before July, 2017 in the pre-GST era. The work execution of these contracts continued to be carried out in the GST period, since the execution was taking a time period of 2 to 3 years. The Company while submitting the bills for the work done after the introduction of GST in July, 2017, started adding GST of 12% in the bill submitted for payment to the Government Departments But the Government Departments cleared only the basis amount of contract billed and did not paid the GST of 12% charged in the bills. However, there was no policy in the departments from the Government regarding the honouring the GST of 12% collected in the bills. The Government departments started to hold the GST of 12% charged in the bills and were waiting for the instructions from the Government. The contractors' association looking into the injustice moved to honorable Hon'ble High Court of Karnataka, now the case is pending before the Hon'ble High Court of Karnataka.

**Notes:**

Trade receivables have been given as Primary security towards borrowings

In determining the recoverability of a trade receivable, the Company considers any change in the credit quality of the trade receivable from the date credit was initially granted up to the end of the reporting period. The concentration of credit risk is limited due to the fact that the customer base is large and mostly unrelated.

In every payment of running bill, project authority deducts retention amount which is either released by submitting bank guarantee or released after successful completion of project. This retention amount keeps accumulating. Collection of retention money is probable and therefore debtors on account of retention money are considered good. refer note no 32.

## Notes forming part of the Financial Statements for the year ended March 31, 2025

(Amount in Lakhs unless otherwise stated)

**27 Capital risk management**

The primary objective of the Company's capital management is to ensure that it maintains an efficient capital structure and maximizes shareholder value. The Company manages its capital structure and makes adjustments in light of changes in economic conditions, annual operating plans and long term and other strategic investment plans. In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholders or issue new shares. The Company is not subject to any externally imposed capital requirements. No changes were made in the objectives, policies or processes for managing capital during the period ended March 31, 2025 and year ended March 31, 2024. The Company monitors capital using a ratio of 'adjusted net debt' to 'equity'. For this purpose, adjusted net debt is defined as total liabilities, comprising interest-bearing loans and borrowings less cash and cash equivalents. Equity comprises all components of equity including share premium and all other equity reserves attributable to the equity shareholders.

The Company's adjusted net debt to equity ratio is as follows.

| <b>Adjusted net debt to adjusted equity ratio</b>        | <b>0.35</b>             | <b>0.21</b>             |

In order to achieve this overall objective, the Group's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing borrowings in the current period.

**VII Sensitivity analysis method**

The sensitivity analysis has been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognized in the balance sheet.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

Notes:

- The rate used to discount post-employment benefit obligations is determined by reference to market yields at the end of the reporting period on government bonds.
- The estimates of future salary increases considered in the actuarial valuation take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

The carrying amounts of trade receivables, trade payables, deposits, other receivables, cash and cash equivalent including other current bank balances and other liabilities including deposits, creditors for capital expenditure, etc. are considered to be the same as their fair values, due to current and short-term nature of such balances.

### C. Fair Value Hierarchy

The fair value of financial instruments as referred to above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

**Level 1:** Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments and mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

**Level 2:** The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**Level 3:** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities included in level 3.

**31 FINANCIAL RISK MANAGEMENT****A Risk management framework**

The Company's activities expose it to a variety of financial risks, including credit risk, liquidity risk and market risk. The Company's primary risk management focus is to minimise potential adverse effects of market risk on its financial performance. The Company's risk management assessment and policies and processes are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the Audit Committee is responsible for overseeing the Company's risk assessment and management policies and processes. The Company has exposure to the following risks arising from financial instruments :

- (i) Credit risk
- (ii) Liquidity risk
- (iii) Market risk (including currency and interest rate risk)

**(i) Credit risk**

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investment securities. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes provision for expected credit loss and impairment that represents its estimate of incurred losses in respect of trade and other receivables and investments.

In assessing the recoverability of receivables and other financial assets, the Company has considered internal and external information upto the date of approval of these financial statements. The impact of the global health pandemic may be different from that estimated as at the date of approval of these financial statements and the Company will continue to closely monitor any material changes to future economic conditions.

**(a) Trade receivables**

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment.

**Expected credit loss assessment for customers as at the reporting date**

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine incurred and expected credit losses. Historical trends of impairment of trade receivables do not reflect any significant credit losses. Given that the macroeconomic indicators affecting customers of the Company have not undergone any substantial change, the Company expects the historical trend of minimal credit losses to continue.

On the above basis, the Company estimates the following provision matrix at the reporting date on:

**1 Trade receivables**

**(b) Loans and financial assets measured at amortized cost**

Loans and advances given comprises of inter Company loans hence the risk of default from these companies are remote. The Company monitors each loans and advances given and makes any specific provision wherever required.

**(c) Cash and cash equivalents**

The Company held cash and cash equivalent and other bank balance of Rs.53.12 in Lakhs at March 31, 2025 (March 31, 2024: Rs.184.38 in Lakhs). The same are held with bank and financial institution counterparties with good credit rating. Also, Company invests its short term surplus funds in bank fixed deposit which carry no market risks for short duration, therefore does not expose the Company to credit risk.

**(ii) Liquidity Risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows.

**(iii) Market risk**

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company's exposure to, and management of, these risks is explained below.

## Notes forming part of the Financial Statements for the year ended March 31, 2025

**1 Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The exposure of the Company's borrowing to interest rate changes at the end of the reporting period are as follows:

| Particulars              | As at<br>March 31, 2025 | As at<br>March 31, 2024 |
|--------------------------|-------------------------|-------------------------|
| Variable rate borrowings | 5,996.43                | 3,779.72                |
| Fixed rate borrowings    | 0.00                    | 0.00                    |

**Sensitivity:**

A change of 100 basis points in interest rates would have following impact on profit before tax and equity -

|                                               |        |        |
|-----------------------------------------------|--------|--------|
| Particulars                                   |        |        |
| Interest rates – increase by 100 basis points | -44.87 | -28.28 |
| Interest rates – decrease by 100 basis points | 44.87  | 28.28  |

**(iv) Commodity Price Risk**

The Company's revenue is exposed to the market risk of price fluctuations in its division is as under:

Engineering Segment: The Company generally takes turnkey projects from government departments. The contract price is generally fix and free from any price risk subject to change in any government policy or rules.

The Company primarily purchases its raw materials in the open market from third parties. The Company is therefore subject to fluctuations in prices for the purchases. The Company purchased substantially all of its raw material from third parties in the open market.

The Company aims to sell the products at prevailing market prices. Similarly, the Company procures raw materials on prevailing market rates as the selling prices of its products and the prices of input raw materials move in the same direction.

**32 DISCLOSURES AS PER IND AS -115****a Performance obligations and remaining performance obligations**

The remaining performance obligation disclosure provides the aggregate amount of the transaction price yet to be recognized as at the end of the reporting period and an explanation as to when the Company expects to recognize these amounts in revenue. Applying the practical expedient as given in Ind AS 115, the Company has not disclosed the remaining performance obligation related disclosures for contracts where the revenue recognized corresponds directly with the value to the customer of the entity's performance completed to date, typically those contracts where invoicing is on time and material basis. Remaining performance obligation estimates are subject to change and are affected by several factors, including terminations, changes in the scope of contracts, periodic revalidations, and adjustment for revenue that has not materialized and adjustments for currency.

**b** Disaggregation of revenue of segments as required by Ind As -115, has been disclosed under note no. 14.

**c** There is no material impact on provision for expected credit loss so movement analysis is not required.

**d** Contract balances: The Company recognized revenue as per Ind AS 115 and revenue is directly debited in trade receivables instead of debiting it into contract assets. There is no unbilled receivable exists in balance sheet so no contract assets are being recognized in balance sheets and also there is no unearned revenue exists in balance sheet so no contract liabilities are being recognized in balance sheets .

**e** No contract modifications occurred during the year.

35 **COVID 19 Note**

The Company has considered the possible effect that may result from the pandemic relating to COVID – 19 on carrying amount of receivables, unbilled revenue. In addition to the historical pattern of credit loss, we have considered the likelihood of increased credit risk and consequential default considering emerging situation due to COVID -19. This assessment is not based on any mathematical model but an assessment considering the financial strength of the customers in respect of whom amounts are receivable. The Company has specifically evaluated the potential impact with respect to repayment capacity of the customer. The Company closely monitor its customer who are going through financial stress and assesses action such as change in payment terms, depending on severity of each case. The Company, basis their assessment believes that the probability of the occurrence of their forecasted transection is not impacted by COVID – 19 pandemic. The Company has also considered the effect of changes, if any, in both counterparty credit risk and while assessing the effectiveness and measuring ineffectiveness. The Company has considered such impact to the extent known and available currently. However, the impact assessment of COVID – 19 pandemic is a continuing process given the uncertainties associated with its nature and duration.
